ARCHIVES DE PUJOL BEGOUEN

Les Eyzies, le 26 Juillet 1913.

My dear Prof. Cartailhac:

I arrived here yesterday at 10 o'clock. Monsieur Peyrony is away making an excavation somewhere and I have not yet seen him; but expect to see him this evening.

In the afternoon I walked to Cap Blanc, Laussel, La Greze etc. The sculptured horses are remarkable!

I enjoyed the visit to the museum at Montauban and I am writing this note chiefly to state that I saw in the Brunique Collection three or four (3-4) bones with deep grooves or slits cut in them exactly like the bone we found at Tuc d'Audoubert.

With best wishes and once more many many thanks for your kindness and generous assistance

I am, sincerely

N. C. Nelson.

P.S: I must have been greatly fatigued on Tuesday for I not only forgot my umbrella, but I forgot the little roll of 3 photographs and the Piette reindeer picture on the train. It had Comte Begouen's name on it however and may be returned to him. N.C.N.
