Dear Sir

In the last number of
the *Matériaux*, M. René
Gallès mentions the election
of Members by the Beni
Raten to commemorate
the change from female
to male succession.

I should feel very much
obliged if you would inform
me when I could obtain
a full account of this
interesting fact, which is also
mentioned by Rougemont.

Congratulating you on
the sustained interest of
the Mathematicians, &
placing my services here

always at your disposition,

Remain, dear Sir,

Yours very sincerely
Henderson
