Dear Sir,

Permit me to submit to
you the enclosed preliminary
announcement of an anthropo-
logical paper which it is pro-
posed to establish, as soon as
sufficient support has been
secured.

As it is a principal object
of the scheme, to introduce the
best foreign work to a wide
circle of English readers, I trust
that I may be assured of your

cooperation: and as I am assured that a publication of this kind will be of some service to many classes of French students also, I beg that if you have use for them among your colleagues or correspondents, you will allow me to send to you more copies of the enclosed circular.

With assurances of my sincere respect, I remain,

Yours very faithfully,

John. L. Myres.
