20 June 1920

Dear Professor Cartailhac,

I have just
accepted an invitation from the
Association Française to represent
at its meeting in Toulouse. I
think I discern your kind
influence in this matter and
thank you warmly for what I
imagine will afford me a long
desired opportunity of visiting
the painted caves.

927774/1/2

We were favored by a lecture
from Dr. Keith a week or two
ago on the Evolution of Man
& I was glad to find ~~we~~ that
he & I were in substantial
agreement on that subject.

all of us here retain a
vivid and delightful recollection
of your charming discourses
on the mural decorations.

Believe me, Dear Professor Cartailhan
Yours very sincerely
W. J. Sollas
