Dear M. Cartailhac

I must write in English: I feel my French is too bad for me even to attempt to express my feelings of gratitude to you in it. You have no idea of the pleasure, as well as the instruction, that your kindness has given us, & we feel we now understand the devotion of our son to this interesting study of prehistoric Man. A thousand, thousand thanks, dear M. Cartailhac! I shall be looking forward to the time when you will pay us your promised visit to Cambridge. It will be such a real pleasure to have you with us. Hoping very much you are not very tired & that Madame Cartailhac will soon be restored to health. I am with greetings

Yours most gratefully
