XXI. Nov. 1916.

Dear Sir,

I regret that your name was dropped from the list of those to whom complimentary copies of our "Proceedings" were sent. We are, unfortunately, not a rich Society & were compelled to reduce the number of complimentary copies. As, however, you assure me that they are appreciated, I have much pleasure in sending separately copies of Part IV. Vol. I, & Parts I & II, Vol. II, & I have again entered your name on our list, so that future publications will be sent to you.

I cordially reciprocate your good wishes, & trust that you may have many years of good health in which to increase our knowledge of the science in which you hold so honoured a position.

Believe me,  
Yours sincerely,  
W. G. Clarke.

M. Emile Cartailhac.
