Dear Sir,

You will doubtless have heard from Dr. Sturge that this Society is desirous of adding your name to its list of Honorary Corresponding Members, and at our last meeting you were unanimously elected, subject to your consent.

I hope you will agree to accept the position which involves no duties or responsibilities, but is an indication of our heart-felt appreciation of the great services you have rendered to the study of prehistoric archaeology, and our hope that you may yet be spared many years to continue them.

You have our "Proceedings" up to date, and they will be sent in future as published. If you have not a copy of our "Report on the Excavations at Grime's Graves, Weeting" I shall be pleased to send one.

Believe me,

Yours sincerely,

W. G. Clarke.
