Dear Professor Cartailhac:

I am planning to spend June, July, and August in Europe, principally in France and Spain. I wish to visit as many of the paleolithic caverns and rock shelters as possible. If you are not to be at Altamira this summer, perhaps you would give me a note of introduction to the authorities in charge of that cavern or the caverns in that vicinity. If you are to make excavations(faire des fouilles) this summer, I should deem it a rare privilege to be allowed to visit you at the station or stations where you are to be at work.

I shall be leaving New Haven on May 17th, after which date my address will be aux soins de Brown, Shipley and Co., 123 Pall Mall, London. I shall be leaving England for France about June 5th.

Hoping to hear from you at your early convenience telling me when and where I may find you, I am, with cordial thanks for your kindness,

Very sincerely yours,

George Grant MacCurdy
