

Villebois-Lavalette
(Charente), Aug. 31, 1921

Monsieur et Cher Collègue:

I regret very much that you are not planning to be in Toulouse until about the 30th or 4th of October. In the first place I fear I have not Obermaier's correct address, as he has not answered my letter.

I have heard indirectly that Count Begouen will not be at St. Girons (Les Espas) after October 1st. Two days ago I had a letter from him saying he would not be at home on Sept. 13-15, but that he would be there before and after those dates. He neglected to state however if he would remain at Les Espas after Oct. 1st.

Another difficulty is that one of my students (my niece), will have to leave the first of October to enter a Lycée at Versailles. Count Begouen's letter was written before you forwarded my letter to him, so that I do not know what to do. We wish above all things to see la caverne des Trois Frères; we shall therefore probably leave Villebois about Sept. 10 or 12 and arrive in Toulouse about the 15th. We shall not be going to

Spain unless we can hear from
Obermaier.

Do you know the address of the Abbé
de Villeneuve at Monaco? I would also like
the address of Mons. de St. Perier who
has explored the grotto des Harpons
at Lespugne.

If we were to stay in the vicinity
of Toulouse until Sept. 25, ~~perp~~ perhaps
you could still return in time to be
with us a few days

Very sincerely yours
George Grant Macburdy
