Monsieur Cartailhac,
5, Rue de la machine,
Toulouse, France.

Dear Monsieur Cartailhac,

I am delighted to hear that you are pleased with the copy of the Liverpool 'Annals of Archaeology,' which I sent you, and I shall be much pleased if you would be willing to make a regular exchange between your publications and ours. Ours, as you see, only go back for two years past, but if we can acquire the earlier numbers on your side, we should be very glad to have them.

Yours very sincerely,

Joh. L. Myers.
